

Solo regular performance, unless communicated otherwise:

What I have: my own electronic instruments all mixed down to stereo output from a DI box

What I need:

- two XLR cables for the stereo output from my DI box to the mix
- mixing desk
- a table of at least 1x1m size, height approximately 1,4m
- 4x 220-230V electrical outlets
- two speaker monitors for L/R signal on stage on the ground (unless playing in front of PA)
- hazer/fog machine (optional but appreciated)
- dim or dark environment
- non-alcoholic beverages and food are appreciated

If performing with Kmotřenka_Boyband, please refer to the tech rider [here](#)
